

PAC PROMOTIONAL PRODUCTS LIMITED

Environmental Policy Statement

PAC Promotional Products Limited are committed to providing a quality service to our customers and the general public by ensuring we meet specific standards and procedures as required by current legislation. The Company recognises that its day to day operations impact on the environment in a number of ways and strive to minimise the potential harmful effects of such actions wherever and whenever is practical.

PAC Promotional Products Ltd is committed to achieving environmental best practice throughout its business activities by:

- Ensuring our activities are safe for our employees, subcontractors, visitors and others who come into contact with our work
- Controlling and minimising excessive contamination/pollution to the environment; this includes light, transport and waste disposal
- Being aware of general disturbances to site neighbours
- Complying with or exceeding legal requirements
- Accepting reasonable responsibility for any harm to the environment caused by the Company and taking reasonable steps to rectify any damage
- Monitoring purchasing practices and internal operations including energy and transport to ensure best use of natural resources and minimum environmental impact
- Whenever possible reducing the environmental impact of goods and services supplied to the Company
- Minimising the waste produced throughout the company
- Monitoring and working with our suppliers to enhance their environmental standards
- Making environmental considerations with regard to the Company's policy decisions
- Communicating the policy as appropriate to employees, customers and suppliers
